TRUSTEE DINNER BEING PLANNED BY TEACHERS

Tentative plans for a trustees' dinner were announced by President Thelma Wathen at the Campbell Teachers Association meeting Wednesday night. Ben Ziegler will be in charge of entertainment for the dinner.

Financial committee chairman Richard Gordon gave a resume of his committee's activities during the past year and told of efforts to improve the teachers' salary scale in this district.

A salary increase for teachers in the Campbell School District was recommended at the citizens committee meeting Wednesday night, with salary range from \$2700 for first year teachers to a maximum of \$4152. The resolution was submitted to the district board of trustees last night for their consideration. Increases would be met by a 30 cent raise in the district tax rate.

Full text of the resolution as finally adopted is as follows: "In order to preserve the present high standard of the Campbell Grammar School district, to adjust for the cost of living increase and to keep the pay schedule for Campbell teachers on a par with neighboring districts, we recommend an increase in the present schedule as follows:

FOOD CANNING METHODS TOLD ROTARY CLUB

New food canning processes were described to Campbell Rotarians by Elvan Hansell, superintendent of the local plant of Hunt Foods, Inc., at the club's weekly luncheon session Monday.

Hansell told the group that fruit canning is extremely successful, but vegetables must be completely cooked for canning and thus lose the fresh flavor.

A new canning method, the "Martin Septic Canning Process," may revolutionize the milk distribution industry, he predicted. Basic operation is the extremely rapid heating of milk or fruit juice to 285 degrees, and the entire operation takes only 114 seconds.

A similar process, he said, has been used in the past by Hunt's in canning tomato juice.

Electronic cooking methods are constantly being developed for the canning industry.

Hansell told Rotarians the local plant is facing a busy season and will be needing a greater number of employees than were hired for the last season.

During the meeting the Rotary Perpetual Basketball Trophy for the Campbell "B" League was presented to Cel Gerevas and members of the winning team by Rotary President William Maderis, also the sponsor of the second-place team. Those present from the Gerevas team were Paul Lipari, Dan Estrada, John Oldham, Fred Grassie and Vic Birg.

Homer Hyde was chairman for the day. All members were urged to attend the district conference to be held at the Scottish Rite Temple, San Jose, April 23 and 24. There will be no Campbell Rotary meeting on Monday, April 23.

Members of the above citizens committee in their report to the general committee at the meeting, estimated that the above proposed pay schedule will require an additional district income of \$21,800, plus about 25 per cent more for non-teaching employees.

In their studies of local and neighboring districts' teacher pay scales, the committee found that each Campbell School child represents an assessed valuation of \$6,500, of a total assessed valuation for the district of approximately \$17,000,000 for the entire district for the 1951-52 fiscal year. The \$500 per child is far lower than the \$1,140 per child in the San Jose district.

Teachers have asked for the increase to meet constantly spiraling cost of living. The committee reported that the cost of living index for moderate income families, as published by the Bureau of Labor Statistics shows the San Francisco area living costs to be considerably in excess of the general index for the nation.

Based on a 1936-39 average of 100 cents per dollar, the index for the San Francisco area has climbed from 172.9 on March 15, 1950, to approximately 185 on February 15 of this current year. The U.S. index was 168.4 on March 15, 1950, and was up to approximately 181.5 of February 15 of 1951.

Compared to the present Campbell district teacher salaries were those of college graduate junior executive trainees for a large plant, and of college graduate office manager for a small plant. The investigating group found that a man hired to train as possible future junior executive for a large plant would start at about \$3600 per year, and receive an increase of about five per cent per annum. The small plant office manager with six months experience would start at \$3900 per year.

"SMALL BUSINESS"

By C. WILSON HARDER

Charles Sawyer, Commerce Secretary, talking too frequently, and in circles, embarrasses his colleagues on the Mall.

They say, referring to his carnival park, "The Cincinnati Coney Island Kid can't tell the difference between giving the people a fast whirl for a dime on a Gaiety Concession, and giving the people a fast whirl for billions."

There is a fervent wish C. W. Harder he would quit his preoccupation with the monopoly sidishow.

Opposition party attacks on a cabinet officer are common. But Sawyer is being repudiated most energetically by his own party.

His latest idea. Newspapers, he tells Ohio newspapermen, should refrain from printing some news for "national security". As he has nothing to do with military strategy, attending newsmen quickly dubbed it a plea for "Sawyer security".

He said, "It (censorship) would I am sure, make the task of the public official much easier."

But Atty. Gen. J. Howard McGrath, who operates out in the open told newsmen there are no plans for an implied, disguised, direct or indirect censorship.

Undoubtedly, censorship would suit Sawyer. Just recently this column reported how a House Judiciary Committee, headed by N. Y. Democrat Rep. E. Celler, condemned a Sawyer plan to use a half billion American dollars to finance a new aluminum plant for Alcoa's Canadian affiliate.

©National Federation of Independent Business

Called to testify Sawyer "double-talked" through a half hour. One observer said, "He squirmed and ducked so much there kept running through my mind the popular melody, 'Cincinnati Dancing Pig'."

Senate Small Business Committee has opened public hearings to investigate the strange ousting of Earl Glenn, a Commerce Dept. career man, as head of rubber allocation. He was replaced by Leland Spencer, vice president of a subsidiary of the rubber monopoly.

There was an attempt to have the hearings in secret. Before that, Sawyer contacted Sen. John Sparkman, head of the committee, attempted to forestall the hearing, terming the Glenn ouster a matter of administration not policy. But Sen. Sparkman, hailing from Alabama believes in bringing out truth in the open.

Many bureaucrats now desire to keep non-defense information from the public. ECA quits announcing who sells the billions of merchandise the Marshall Plan is giving away.

Big Business, getting the lion's share of the business, objected. Besides, Marshall Plan officials are being embarrassed by publication of their actions.

An example. Sometime ago this column reported government is buying French industrial alcohol at 41¢ per gallon for defense needs. The big U. S. distillers refused to sell except at a price range of from 90¢ to \$1.25 per gallon.

But ECA Bulletin No. 2059 reports Marshall Plan has bought \$120,000 of alcohol from American distillers and given it to France. Next week other reasons for the bureaucrats' desire for an Iron Curtain along the Potomac will be reported.

Beautiful to look at
Beautiful to drive

Now Hydraguide Steering does four-fifths of the work for you!

THINK of the easiest steering car you ever drove... then imagine one *five times easier to steer!* Chrysler's new Hydraguide power steering... regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models... gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car *mechanically* provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers... Hydraguide is so *basically* new, so *basically* better than anything before, that *only when you try it can you ever know what it really does!*

The longest day's drive you ever made... without arm-and-shoulder fatigue at the end. Around the curves... over the hills... Hydraguide does four-fifths of the work!

In tight city traffic... on awkward driveways and roads... Hydraguide means new safety, new ease, new swiftness of steering control!

The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with *twice the shock-absorbing power* of any other cars at any price. And with all their newness, they're built to stand by you like no car you can buy!

DONALD THURBER, 8 son of MR. AND MRS. WALTER O. THURBER, is down with the measles.

MRS. M. L. EDWARDS arrived Tuesday evening from Denver, Colorado, to spend two or three weeks with her brother-in-law and sister, MR. AND MRS. E. T. CLINE. Mrs. Edwards' husband, the Rev. M. L. Edwards, will join her here in about a week.

MR. AND MRS. A. E. Brydon of Winchester Road are planning an extended visit this spring and summer in Mr. Brydon's native England. They will entrain this weekend for New York where they will board the liner, Queen Elizabeth, on April 21. In England they will visit relatives of Mr. Brydon, particularly in County Durham. Mr. Brydon came here from Greatham, County Durham, 40 years ago, and this will be his first return visit to the land of his birth. His brother, Robert S. Brydon, a barrister, died April 7 in Liverpool.

Mr. Brydon came to Campbell in 1911 and worked for the J. C. Ainsley Packing company for 23 years. After the plant was sold to Drew Canning Company, he served as superintendent with the new owners for a year, then left to become assistant superintendent at Schuckle and Co., Inc., which position he held for six years. He is now with Hunt Foods, Inc., in the warehouse division.

Mrs. Brydon came to Campbell from Hawaii before the turn of the century. She is the sister of ROBERT AND ANNA SCHOLZ of Budd Avenue. She was originally from Luihe, on the Island of Maui.

territory of Hawaii, where her father was island postmaster general under King Kaluaku.

The Brydons expect to see Mrs. Brydon's brother, CARL SCHOLZ, who is vice-president of a subsidiary of International Telephone and Telegraph and resides in New York.

On their return trip to Campbell (They will disembark from the Queen Elizabeth on June 15 at New York) they will visit another brother of Mrs. Brydon, HERBERT SCHOLZ, in Alabama, where he is general manager of a subsidiary of Alabama Light and Power company.

MR. AND MRS. D. H. CRAMER, who have been touring the nation for the past year, have sent word that they plan to return to their home in Campbell some time in June. They will begin their westward journey from Lakeland, Florida, next Monday, via New Orleans and Laredo, Texas. They will go south from there into Mexico, probably as far as Mexico City, and return to the United States at El Paso. The Cramers expect to take in the Grand Canyon, Bryce Canyon and Zion National Park during the final stages of their travels.

MR. FOREST REESE returned by plane from the east Wednesday night after a 1222-day trip which included stopovers in Ohio, Washington and Virginia.

MRS. L. J. BARBER, a charter member of the Campbell Garden Club Inc., was honored by club members at a farewell luncheon Thursday at Villa Felice, Los Gatos. Mr. and Mrs. Barber are moving back to Cedarville in Modoc County.

The cook who can come up with a tasty tuna patty of melting tenderness should be revered in song along with the lass who could bake a cherry pie. For tuna patties, combining the delicate goodness of tuna flakes with seasonings and crumbs, are truly a gustatory delight.

Recruits Receive Advance Details During Meeting

Military draftees from Santa Clara county are going to get an advance look at life in the Army, according to recent plans announced by the San Jose Junior Chamber of Commerce.

The Jaycees are sponsoring a series of meetings for men about to be called into the service, with qualified speakers giving answers to problems raised by a shift into military service. The meetings will be termed "Salute the Recruit."

Date for the first meeting has been set for 7:30 p. m. Friday, April 13, Room B, in the San Jose Civic auditorium.

Mayor Clark Bradley will be guest speaker. Representatives of local organizations will be on hand at that time to answer questions and render advice, and the meeting will be open to all men who have been or expect to be called into the service. Representatives from the Red Cross, Selective Service system, and recruiting officers and chaplains, will be on hand.

"It is felt that a series of programs of this kind will be found to be helpful to men who are called into the service for the first time," said Lee McDonald, chairman of the program. All such men and their families and friends are cordially invited to attend.

according to McDonald. There is no charge, and free coffee and donuts will be served through the courtesy of the Red Cross, following the meeting, which is scheduled to last until about 9:30 p. m.

"A very large percentage of Jaycees are veterans of World War II," McDonald stated. "They will be using their own personal knowledge of service problems in organizing and operating the selective orientation program here."

YOUNG HIGH SCHOOL STUDENT NOW ON FOOTBALL TEAM

Leland B. Callaway, Box 151, Church Point, Louisiana, says maybe he isn't the best football center in the country, but he'll be his pocket-kicker that there isn't a boy his age who has got the energy he has. Yes, Dehman now feels great... and he says he has HADACOL, to thank because his mother read how HADACOL was helping boys and girls suffering from deficiencies of Vitamins B1, B2, Nicotin and Iron and decided to give it to him. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or economy size, \$3.50, and if HADACOL doesn't help you, you will get your money back.

Buc Track Squad Enters 20-30 Relays Tomorrow; Trims Santa Clara Hi, 73-49

Fresh from two consecutive SCVAL wins, the Campbell High School track and field team will attempt to garner additional cinder honors tomorrow in the annual 20-30 Relays held at Spartan Field, San Jose.

Paced by Howard Kaeding and Wayne Rozema, both double winners, the Bucs trimmed Santa Clara High Wednesday afternoon on the local oval, 73 to 49.

Kaeding topped both hurdle events, turning in a very good 15.2 in the 120-yard highs. His time was one of the fastest run this year in Northern California prep circles. He took the 140-yard lows in 16.1.

Rozema broke a long standing school hop-step-jump mark by clearing 40' 5 1/2". It bettered Billy Wilson's record of 40 feet even set in 1944. Rozema also captured the broadjump with an effort of 18' 2".

Cinder Coach Junior Morgan said yesterday that he would take about 30 A and B trackmen into Spartan Field tomorrow. Judging from their times in the distances and hurdles, the Bucs have an excellent chance of coping the distance medley and the shuttle hurdles.

Rod Kolze, Buc's defending Valley champ in the mile, continued to lower his time Wednesday as he breezed to a 4:47 win over the Panthers' Navaretti who finished some 20 yards second place over Campbell's in the rear. He barely eked out Stu Irmie who finished with a strong kick.

Other local firsts were taken by Tony Musladin in the 100-yard dash with a time of 10.5; Dan Livesay who took the 440-yard event at 53.6; Johnny Hoover who copped the 220-yard dash in 24; and Harley Thompson who cleared 9' 6" to secure pole vault laurels. The Bucs wound up the day's meet by taking the 880-yard relay in 1:36.8.

In all, Campbell won 10 firsts while Santa Clara was able to take only four.

The Panthers made up for the varsity loss by taking the B, C, and D meets. The final scores were as follows: B's SC-70, Campbell-43; C's SC-51, Campbell-44; D's, SC-55 and two thirds, Campbell-30 and one third.

Driver, Friend To County Jail

A sentence of 75-days in the county jail was given Tom Salazar, 116 McGlincey Lane, Campbell, after he was found guilty of drunk driving this week by Justice of the Peace Martin S. Walsh. Salazar, whose license was suspended for a year, was arrested April 10 by California Highway Patrolman Ralph Vargas.

Eli Soque, Coyote Road, San Jose, who was arrested with Vargas, was sentenced to 10 days in jail on conviction of being drunk in and around a public place.

Unbeaten Netmen Face Busy Week

Unbeaten in five matches thus far, the powerful Campbell high tennis team travels to Redwood City Monday afternoon to meet Sequoia high.

Coach Harold Drummond's charges won their fourth and fifth outings during the week as they blanked Montezuma of Los Gatos and Santa Cruz high.

The locals didn't drop a single set in either match as Montezuma fell, 4-0, and Santa Cruz took a 5-0 trimming.

Tuesday afternoon, at 3 o'clock, the Bucs play host to the potent Palo Alto high squad on the local courts. Earlier this season, the Bucs eked out a narrow 3-2 win.

The Santa Cruz meeting found Campbell's Dave Baxter beating Ray Ewing, 6-1, 6-3, in the top singles match. Tom Barton measured Roger Higgins, 6-0, 6-2, while Buc team-mate Jim Heaton defeated Allan Knotts, 6-0, 6-1.

In the doubles, Trent Barton and Dick Jordan won, 9-7, 6-2, and Ron Mason and Jim Shepardson copped a 6-0, 6-1, match.

Local Softball Loop Starts Play May 15; Few Openings Left

A total of 20 teams already have signed up for this summer's Campbell Softball League.

According to Junior Morgan, one of the loop commissioners, six clubs have entered the A league thus far, leaving but two openings available. The B division is filled with eight teams filing application at the pre-season meeting held at the Grammar school Tuesday evening.

Both leagues start play May 15. The Junior bracket, composed of six teams as of now, begins play June 1. Any boy who will be 17 years old before May 15 will be ineligible to compete, Morgan said.

Games in the senior divisions will be played nightly, excluding Saturday and Sunday. There is still need for umpires. Morgan said to qualify for the paying position one must have a working knowledge of the rules. No doubt good eyesight would help.

Although dropping the tilt to the hit-happy Spartans, the Bucs introduced a freshman pitcher that many some day equal or better Oldham's records at Campbell.

Slender Bucky Lane came on in the third frame in a relief role and blanked the opposition. He hurled three and one-third innings and gave up three bingles while walking three and striking out four.

Like Oldham Lane is a south-paw and for a first-year man shows much poise and manner in addition to good control and stuff.

Ron Bacon started for the locals but was knocked out of the box in the third as the collegiates tallied four times.

The Bucs lone marker came in the sixth frame when Tersigni opened with his three-bagger. Right fielder Sublette then walked. Tersigni soon scored as he and Sublette pulled a double steal.

Last Thursday afternoon, the Bucs lost a thriller to San Jose Tech in SCVAL competition, 5 to 4. They led 4-3 going into the final frame but Tech, unbeaten thus far this year, came back to push over the tying and winning markers.

The games give the Buccaneers a seasonal record of four wins as against five losses. In league play they have copped one and lost two. This does not include yesterday's game which was played after press time.

DIAMOND OF A FIELD . . .
We took our weekly stroll through the Campbell High campus the other day and as had been the case of the past three weeks we were amazed at the rapid progress made on the building expansion program. Skeletons of steel and huge gaping foundation pits are to be seen practically everywhere, well almost everywhere.

But behind the bus garages is a project under construction that struck our fancy. At the moment one can see only bulldozers and grading machines busily levelling the land and removing excess dirt. We knew that this was the site of the Bucs' new baseball diamond but at face value it appeared nothing newsworthy. A brief chat with Harold Drummond, PE director, soon revealed some interesting facts.

Upon completion the diamond will be the envy of any prep athletic plant. The infield will be sloped from all bases toward the

pitchers box. Unlike the many present-day set-ups that have the hill sticking up like Mt. Hood in the Sahara desert.

Built-in dugouts will be erected with protective screens, similar to the arrangement at Backesto Park, San Jose, one of that city's finest recreational parks.

The outfield will be completely turfed. Home plate will be situated in the northeast corner of the field.

In dead centerfield, some 500 yards away, a secondary baseball diamond will be erected. It'll be used by the junior varsity for daily practice and students in intra-mural activity.

The vast athletic area will not be confined to one sport, however. Inter-class PE and the Buc football elevens will have at their disposal two practice gridirons that will

Reports from centers of defense industry expansion indicate that many veterans are applying for employment without having proof of the veteran's status. Davis said. Some of these veterans are consequently discovering that they have lost their discharge certificates.

If a discharge is lost, a certificate in Lieu of Lost Discharge can be obtained although the process requires a little time, according to Davis. This certificate in Lieu of Lost Discharge will be as effective as the original in many situations, but not all.

There is no charge for recording of a discharge certificate. It may be taken to the Santa Clara County Veterans Service Office, 215 North First Street, San Jose, for this purpose at any time.

An arranged tour of Japan was made with a visit to Mt. Fuji, the 456-year-old "Diabutsu" (Great Buddha) and the Hachimangu Shrine which is dedicated to the Emperor Ojima and his mother, Empress Jingū Kogo.

For evening entertainment there were numerous Naval clubs and the general headquarters Enlisted Men's Club in Tokyo.

run parallel to Latimer Avenue. When the baseballers are not active, right and center field will constitute the major portion of the grid areas. All practice will be confined to these two fields, Drummond said, with the main gridiron used only for official games.

The two practice fields will be marked off into four equal parts for soccer, kick ball, and other field events played by the Buc PE classes.

From all tentative indications, Campbell students will enjoy one of the best physical education plants in the country. We'll probably have to buy a guide book to steer us around the first few weeks.

FOR THE CAUSE... Although he isn't the type of person to admit it, Junior Morgan, track coach at the local high school, may be slightly ruing day he decided to award his men for records achieved.

Two weeks ago, Morgan told his squad he would give a "medium" cake to every cinderman who broke a school record and a large cake to every SCVAL-record breaker.

SARATOGA BLOSSOM FESTIVAL BOASTS FULL PROGRAM OF EVENTS, PARADE

Saratoga's annual celebration this Saturday promises to be the most ambitious undertaking in recent Blossom Festival history. Although the blossoms are through for the year, Mrs. Freda Dose, general chairman, has directed planning which will emphasize the community's long and varied history.

The day's events will begin at 11 a.m. with the annual parade. Judges will be General J. E. McMahon, Dr. John E. Cox and Mason Shaw.

PARADE TO OPEN DAY

Parade units will form at a point southwest of Douglass Lane on Saratoga Avenue. In the leading official car will be State Assemblyman Robert Kirkwood of Saratoga, Jaynes D. Mayer, president of the Saratoga Chamber of Commerce; Mrs. W. C. Dose, general chairman of the Blossom Festival, and Dr. Earl C. Campbell, fifth district supervisor.

Spring Garden Show Will Stress Outdoor Living

De luxe designs for "Outdoor Living", from glass garden cabanas to canopied living terraces, and thousands of gorgeous flowering plants will share star billing at the forthcoming 1951 California Spring Garden Show April 27-May 4 at the Exposition and Auditorium Buildings, Oakland.

Every ultra-modern plan for converting outdoor home areas into al fresco living rooms will be spotlighted at the Garden Show, said Manager-Designer Ned S. Rucker. Acres of brilliantly-blooming spring gardens, landscaped in actual home plot sizes; new floral hybrids never before shown to the public, and realistic mountain waterfall and forest scenes also will be featured, again contributing to the show's reputation as one of the nation's most spectacular.

Among rare plants to make their initial bow to Spring Garden Show visitors will be a fragrant dwarf rhododendron, and new hybrid forms of lilies, and azaleas particularly adaptable to West Coast gardening conditions.

Special attractions will include the ever-popular tropical exhibits, with exotic displays of rare orchids in realistic jungle settings, colorful anthuriums, African violets and tropical trees and plants.

More than 1500 entries of cut flowers by amateur growers of the California Horticultural Society are planned for both the main exposition building and in the Hall of Flowers, and flower arrangement enthusiasts will see a varied array of floral table settings, by noted authorities, including members of the Master Florists' Association.

The Garden Show, which has its Sponsors Preview Night, Thursday, April 26, will open to the public Friday, April 27 at 8 a. m. and continue daily from 8 a. m. to 10 p. m. through Friday, May 4. Entrants in the Garden Show Photo Contest may film the show from 6 a. m. to 8 a. m. on April 27, April 28, May 1 and May 2, in addition to regular show hours.

'Fashion Fair' To Be Theme For AAUW Show

A country carnival will set the theme for the fashion show, "A Fashion Fair," to be held on Saturday, April 28, at 2:00 p.m. This fashion show, sponsored by the Recent Graduates Group of the Los Gatos-Saratoga Branch of the American Association of University Women, will be presented in the newly-decorated outdoor theater of Montalvo in Saratoga.

The proceeds from his year's show will benefit the Los Gatos-Saratoga Parent-Child Counseling Program, a community enterprise initiated this year as the result of studies carried on through the Social Studies Group of the local AAUW, and the National AAUW Fellowship Fund, a program which establishes scholarships for foreign women students at universities in this country.

Members of the AAUW and their children will model fashions from Palo Alto and Los Gatos shops. Mrs. George Ross will act as commentator and Mrs. Mary Elizabeth Leonhart will provide incidental music on the harp.
